

15 November 1968

Mr. Duckett:

General Stakley affirmed that SAC would take appropriate steps to fulfill the Laotian requirement. We checked with JRC inasmuch as message traffic indicated they were still involved in determining whether or not they could perform the mission. [] suggested that we double check with JRC before moving in the direction of the Agency volunteering to do it.

We here at OSA are pursuing in-house the necessary contingency plans in the event the JRC/SAC effort should fall through. We will not, however, forward any black books at this time.

I have notified the Laotian Desk Chief who is passing the message onto []
